Sewage turns to Froth

Sullage water flows unchecked into pristine Kukkarahalli Lake

Mysore University Registrar Prof. Lingaraja Gandhi and other officials inspecting Kukkarahalli Lake this morning following complaints of sewage flow into the Lake.

Mysuru, July 12 (MTY&BCT)- Gallons of sewage water from residential areas of Paduvarahalli and Jayalakshmipuram, Vontikoppal and daily discharges from nearby service stations is flowing unabated into the Kukkarahalli Lake that has begun to spew froth.

The iconic Kukkarahalli Lake emitting froth was published in *Star of Mysore* yesterday and following the report, a team of officials from the University of Mysore visited the Lake this morning to take stock of the situation. The University is the custodian of the Lake.

The team found that despite many repairs and corrective measures, sewage water continues to flow into the Lake from the magic box that has been constructed on the Hunsur Road for the rainwater to flow smoothly from Jayalakshmipuram, Paduvarahalli and surrounding areas into the Lake through gravitational force.

Pursuit of purpose

Outlook and longevity have been linked by researchers on human behaviour. According to a report based on their study, published recently, people who have a sense of *purpose* in life appear to live longer. Quality of life led by them marked by physical and mental health has been highlighted in the report in an international peer-reviewed medical journal published continuously since 1883. Purpose was defined by the authors as a self-organising life's aim that stimulates goals, promotes healthy behaviours and gives *meaning* to life. The participants in the study were 68.6 years of age on an average in the range above 50 years. The profile of the sampled group included their demographic, marital status, ethnic identity and education level. More importantly, the causes of death covering a four-year period were also noted as auxiliary data. Ideally, recognising one's own capabilities and aptitude, preferably early in life as well stumbling upon a guiding mentor have a clear part in deciding on the purpose to be pursued, according to the knowledgeable and elderly in society.

The principle of doing things rightly following the choice of doing the right things in life, as prescribed by the wise, sets the path leading to achieving one's purpose without hassles. The sense of fulfilment in the act of pursuing purpose doesn't seem to be conditioned by good or bad nature of purpose as narrated by authors of stories and novels.

The part played by role models, as outlook gets crystallised in the youth while passing from teenage to adulthood, makes or mars the life of millennials born between 1985 and 2004, that is in the 15 to 35 years of age. The elderly members of one's family, teachers in the school stage and friends exerting strong influence on gen next, one is prompted to remember the saying that if attention to moulding good behaviour is missed in young age it is well-nigh impossible to mend later in life. Present day contestants in polls to various legislative bodies of the country, barring exceptions, as well as the cinema fraternity producing films with the sole purpose of making a fast buck have to take the blame for setting undesirable examples for the youth to emulate.

Medical Science and the healers of diseases provide some relief to the suffering lot in their advanced age. Whether one pursues noble or otherwise purpose in life, one may ponder over the advisory attributed to the first century Roman Statesman Lucius Seneca namely *'As is a tale, so is life; not how long it is, but how good it is, is what matters.'*

EDITOR'S BOTTOMLINE

In a just and cogent universe, of course, exercise would make us thin. Physical activity consumes calories, and if we burn calories without replacing them or reducing our overall energy expenditure, we enter negative energy balance. In that condition, we utilise our internal energy stores, which most of us would call our flab, and shed weight. Most men and women who begin new exercise routines drop only about 30 per cent or 40 per cent as much weight as would be expected. Most of us compensate for the calories lost to exercise by eating more, moving less, or both. *— In Business Standard*

NEWS SPARKLERS

Icebergs from Antarctica to the Arabian Gulf

United Arab Emirates: An entrepreneur and inventor from the United Arab Emirates (UAE) has been working on an ambitious project that involves towing a giant iceberg all the way from Antarctica to the Arabian Gulf in order to provide fresh drinking water for the UAE.

Because of its arid climate, the United Arab Emirates doesn't have too many options when it comes to water sources. In fact , the Arab country relies heavily on desalinated water, which is not only expensive to obtain but very harmful to the environment. But businessman Abdulla Alshehi thinks he may have found a much better, albeit unconventional alternative. For the last six years he has been working on a plan to tow a 2km x 500m iceberg from Antarctica and use modern technology to tow it 5,500 miles to the Arabian Gulf. The floating block of ice would not only provide drinking water for millions of people, but also determine positive weather changes in the region.

Teen steals lemur from Zoo to keep as pet

California: A 19-year-old teen, who wanted to keep a Lemur as a pet, stole an endangered Lemur which is North America's oldest-living ring-tailed lemur.

The teen identified as Aquinas Kasbar laid eyes on Isaac, a 32-year-old endangered lemur at the Santa Ana Zoo last year and decided he wanted it for a pet, he knew exactly what he had to do. On July 27, 2018 Kasbar reportedly snuck into the zoo after hours and used cutters to cut a hole in the enclosure to get to his prize and managed to capture and run away with Isaac.

The next day, the teen decided he didn't really want to be a lemur owner so he took the plastic drawer and left it in front of a Newport Beach hotel with a note that read "Lemur (with tracker). This belongs to the Santa Ana Zoo it was taken last night please bring it to Police."

HEALTH CAPSULE
by Bron Smith

What are the best dietary sources of Vitamin K2?

Vitamin K2 is essential for maintaining bone density and cardiovascular health. It is found in cauliflower, parsley, kiwifruit, avocados, olives, Brussels sprouts, broccoli and dark leafy greens. If your bone density is normal, 90 to 120 MCG daily is an adequate intake.

** Health Capsules is not intended to be of a diagnostic nature.*

PG Diploma in Food Analysis at DFRL

Mysuru, July 12- Defence Food Research Laboratory (DFRL), Siddarthanagar, Mysuru, has invited applications for admission to Post-Graduate (PG) Diploma Course in Food Analysis and Quality Assurance.

The 10-month course starts from Sept. 6 and is recognised by the University of Mysore. In all, 25 seats are available for admission and the selection is based on written test followed by an interview.

Eligibility: The candidate should have at least a Degree in Science with Chemistry/Biochemistry as one of the subjects or B.Sc. Degree in Agriculture/ Veterinary Science/Food Science and Technology/ Home Science/ Nutrition and Dietetics/Food and Nutrition/Food Science and Nutrition from a recognised University securing a minimum of 50 percent marks in the aggregate or equivalent.

The syllabus for the written test will be based on the following subjects studied at Degree level: Chemistry, Biochemistry, Agriculture, Veterinary Science, Home Science, Nutrition and Dietetics, Food and Nutrition, Food Science and Technology, Food Science and Nutrition.

B.E or B. Tech degree is not eligible for this course.

Interested candidates can obtain the application forms from the Director, DFRL, Siddarthanagar, Mysuru-570011 or can be downloaded from website: *www.drdo.gov.in/drdo/labs1/DFRL/English/pgd-dfrl.pdf* and submit the filled in applications with photocopies of certificates and a Demand Draft for Rs. 100 drawn in favour of "The Director, DFRL, Mysore" payable at Mysuru.

Last date for submission of filled in forms is Aug.21. Written test and interview will be held on Aug. 23. For details contact Ph: 0821-2579640 or Mob: 94492-64414, according to a press release from Dr. T. Anand, Course Coordinator, DFRL.

Really...?

- ***Osteoporosis is a disease of the bone — in fact, the term osteoporosis actually means "porous bones." People with osteoporosis lose too much bone mass, make too little new bone tissue, or both, according to the National Osteoporosis Foundation (NOF).***
- ***About 54 million Americans already have osteoporosis or low bone mass (osteopenia), a condition that increases your risk for osteoporosis. Often called a silent disease, osteoporosis has few symptoms. But related complications can cause pain, disability, and even death.***

LAUGHTER THE BEST MEDICINE

A candidate at a job interview was asked a tough question to which he mumbled an inaudible answer. The interviewer said: "Come again?" *The candidate got up, collected his file, went out of the room and came back again !*

VOICE OF THE READER

Police-created bottleneck

When school children can cross a road without barricades, why can't adult Policemen?

A citizen's request to follow Police Commissioner's order to remove unnecessary barricades

Sir,

Another example of illogical decision that inconveniences the public can be seen on the road in front of the Police Training School near Forum City Centre in Nazarbad.

The City Traffic Police have placed not one, not two, not three, but 10 barricades on the road which is creating a bottleneck for motorists. Even the Bengaluru International Airport does not have so many barricades!

And the reason they have erected so many barricades is for the convenience of Police trainees, who cross the road to reach the Parade Ground from their hostel on the otherside.

These 10 barricades are now blocking traffic, especially during peak hours and the entire stretch is choked as vehicles are forced to slow down to negotiate the barricades laid zigzag on this busy road.

Is there a need to inconvenience so many members of the public just so a troop of Police trainees can cross the road four times a day?

Also while the trainee Policemen cross the road four times a day, these barricades remain on the road 24/7 hampering smooth flow of vehicular traffic from surrounding areas such as Nazarbad, Chamundi Layout and Siddartha Layout. This road also connects the Highway towards Bannur and T. Narasipur where a lot of buses ply causing even more congestion.

My question here is, when school children can cross any road to enter and exit their school without barricades, why can't adult Policemen?

Why can't one of the Policemen simply stand and hold the traffic for a few minutes while the trainees cross the road instead of inconveniencing the public 24/7, 365 days with 10 barricades placed zigzag on an crucial connecting road.

Thank you Commissioner but this is one more request

I feel in recent times Mysuru Traffic Police have been very liberal in their use of barricades. I request the City Police Commissioner to please remove these 10 barricades and help the traffic move smoothly.

I remember Police Commissioner K.T. Balakrishna had ordered the removal of unnecessary barricades within city limits when he took over as Police Commissioner and as promised he removed the barricades on Lalitha Mahal Road which greatly helped in smooth movement of traffic.

I hope he will do the same for the road in front of Police Training School also.

City to get major infrastructure makeover with Nagarothana

Mysuru, July 12 (RK&BCT)- The Government of Karnataka finally brings respite for the people of Mysuru with the implementation of the Nagarothana Scheme. The project will involve massive road infrastructure development, beautification of Circles, construction of underground drainages, storm water drains, construction of multi-level parking lots and development of footpaths.

This move of the Government has come amidst severe criticism over appalling infrastructure, poor traffic and a worsening solid waste management scenario in Mysuru. Under the ambitious Nagarothana Scheme that was announced in the 2019-2010 Budget, Rs. 150 crore will be granted to the Mysuru City Corporation (MCC) to take up works.

Gearing up to implement the Nagarothana Scheme, officers and engineers are working overtime to allocate funds and also chalk out plans, line estimate and estimated cost to improve certain areas, especially in the Central Business District where the infrastructure is pathetic and needs urgent attention.

Circle development

One prominent Circle each in Chamaraja, Krishnaraja and NR Constituency will be beautified and suggestions will be taken from the Traffic Police to beautify the Circles and at the same time find ways to ease traffic flow at these Circles, said MCC Superintending Engineer Mahesh.

Line estimate has been prepared to implement several schemes including road development, streetlight facility and improvement of underground drainage at the colonies that are dominated by SC/ST communities.

Detailed Project Report

All the projects will be presented before the high-power committee headed by District Minister in which Deputy Commissioner is Member-Secretary and a Detailed Project Report including design and estimate will be sent to the Government for approval. Once the Government gives a green signal, tenders will be called. Apart from the Minister and the DC, MLAs and MUDA Commissioner and MCC Commissioners will be part of the high-powered committee.

Under 14th Finance Commission, one park each from 65 MCC Wards will be developed at a cost of Rs. 20 lakh and tenders will be called soon. Development works include play area for children, open gymnasiums, walking path development and improving greenery, Mahesh added.

Devaraja Urs Road to get heritage touch

Under the scheme, the D. Devaraja Urs Road will get a complete makeover and will have a modern look with a heritage touch. The footpaths on the road will be re-laid and beautified and parking of vehicles will be banned on both sides of the road. After banning parking, the road will be developed on the lines of international standards and traffic movement will be banned with the road reserved for walking, shopping and cycling.

Speaking to *Star of Mysore*, MCC Superintending Engineer Mahesh said that the MCC owns about one acre of land at Devaraja Mohalla behind the Devaraja Urs Road at Gaadi Chowka. This place will be converted into a parking area as per the suggestion of Mysuru District Minister G.T. Devegowda and a multi-level parking facility (G+3) will be constructed here under the Nagarothana Scheme.

Town Hall parking to open before Dasara

The Town Hall multi-level parking facility will open soon and parking tenders will be called in a week and civil works including the prevention of water-logging will be taken up. The pay-and-park facility will be thrown open before Dasara, Mahesh added. Following the suggestions given by Minister G.T. Devegowda, works will be taken up to prevent the flow of sewage water into storm water drains, construction of retaining walls for drains and a detailed plan to execute the projects is being prepared.

Blast sounds rock Vijayanagar Fourth Stage, Srirangapatna

Mysuru/Srirangapatna, July 12 (Vinay Karekura&BCT)- Several Mysureans and residents of Srirangapatna experienced a mysterious blast sound twice at around 1.45 pm yesterday. The sound was sharp and of high intensity and its effects were felt across Srirangapatna.

Star of Mysore received calls from some of the residents of Vijayanagar Fourth Stage in Mysuru and layouts bordering Srirangapatna Taluk and informed about the twin blasts. The sound was deafening but did not cause tremors, they said. However, residents of Hulikere, Belagola, Hosa Unduwadi, Majjigepura, Bastipura, Hongahalli and surrounding villages near Srirangapatna said that the tremors were also felt along with the blasts.

Srirangapatna Gram Panchayat Member Vijay Kumar said that soon after the sounds were heard, they rushed out of their offices and alerted the Krishna Raja Sagar (KRS) Dam engineers and higher officials.

The sound was also heard in villages surrounding the KRS Dam but officers said that no tremors were recorded at the Earthquake (Seismic) Monitoring Centre at KRS Dam (VSAT-Enabled Permanent Seismic Monitoring Station), he said and added that yesterday's blast was not an earthquake.

Following the blasts, Geologists visited the KRS Dam and inspected the premises. Confirming the tremors, Cauvery Neeravari Nigam officials said that it was true that tremors were experienced in and around KRS Dam last afternoon but the Disaster Monitoring Centre at KRS did not record any tremors.

"We heard the sound and people need not panic as the experts have ruled out quake or tremors. The blast could have been caused due to changes in the environment," said Executive Engineer Ramakrishna.

It may be recalled here that in 2018, high-intensity sound was heard on Sept.25 at 2.37 pm across Mysuru, Srirangapatna, Pandavapura and parts of Mandya and walls of some of the houses, window panes and vessels in the kitchen vibrated. The cause of the sound was attributed to stone quarrying activities at Baby Betta Kaval, Bannangadi and surrounding areas in Pandavapura taluk.

Karnataka State Natural Disaster Monitoring Centre (KSNDMC) in Bengaluru had recommended the Mandya District Administration to take precautionary measures to control quarrying and mining activities within 15 to 20 kms of KRS Dam.

Following this, the Mandya DC had banned mining, stone quarrying and all other allied activities in 20-kilometre radius around the Dam.

Man gets life term for killing wife

Mysuru, July 12 (KS)- City's Fifth Additional District and Sessions Court has sentenced a man to life imprisonment and has also imposed a fine of Rs. 50,000 for killing his wife.

The man who has been sentenced is Mahadeva, a resident of Basaveshwara Colony, Bettadapura in Periyapatna taluk.

Mahadeva was mentally and physically harassing his wife Bhagya as she was unable to bear him a child and he was preparing for another marriage.

On Jan. 4, 2016, Mahadeva forcibly made Bhagya drink poison-laced liquor and when she was sleeping, he killed her with a machete. He later carried her body on his shoulders and placed it behind the house and had kept the liquor and poison bottles near the body in order to conceal his act. Bettadapura Police, who had registered a case, conducted investigation and had submitted a charge-sheet to the Court.

Judge G.G. Kuruvatti, who took up the case, heard the arguments from both sides, found the accused guilty of committing the crime and sentenced him to life imprisonment. Public Prosecutor Nagappa C. Nakman argued on behalf of the Government.

Car driver, youth commit suicide

Mysuru, July 12 (RK&KS) - In separate cases, a car driver and a 19-year-old youth committed suicide in city.

In the first case, a 32-year-old car driver allegedly committed suicide by hanging self at his residence in Gowrishankar Nagar in city yesterday morning. The deceased is Shankar. A native of Veera Wadeyara Hundi village in T. Narasipur taluk, Shankar was working for a doctor as a driver and was staying with his wife and child at Gowrishankar Nagar.

K.R. Police, who rushed to the spot, conducted mahazar, registered a case and shifted the body to MMC&RI mortuary, where post-mortem was conducted and the body was handed over to the deceased's family members.

In the second case, a 19-year-old youth, said to be depressed in life, committed suicide by hanging self to a tree at Chamundi Hill on Wednesday. The deceased is Manikanta, a resident of Nanjangud. Public who saw the body hanging from a tree informed K.R. Police, who rushed to the spot, conducted mahazar besides registering a case.

Deceased Manikanta was working as a server at various marriage halls in city and the Police have suspected that he may have taken the extreme step due to depression in life.

Hubby held for wife's murder

Prakash

Kollegal, July 12 (Nagendra& KS) - Kollegal Rural Police have arrested a man, who had killed his wife by slitting her throat near Barachukki Falls in the taluk. While the accused is Prakash, a resident of Lokkanahalli village in the taluk, the deceased is Sowmya of Kaliyuru village in T. Narasipur taluk.

Police said that the accused has confessed of killing his wife Sowmya after suspecting her character.

Details: It is learnt that Sowmya, who was married earlier had separated from her husband and was living alone during which she came to know about Prakash, who married her. This was Prakash's second marriage. After marriage, they were staying at Devangapete in Kollegal.

In recent days, Prakash began to suspect the character of Sowmya and had decided to eliminate her. On July 8, Prakash took Sowmya to Barachukki Falls where he allegedly killed her by slitting her throat with a knife and fled from the spot. Kollegal Rural Police, who had rushed to the spot, registered a case and took up the investigation.

The Police had found the knife used for the crime and Prakash's two-wheeler insurance policy at the spot of crime and based on the clues, arrested Prakash.

Financial assistance for horti farmers

Mysuru, July 12- Horticulture Department will provide financial assistance under the National Horticulture Mission to farmers for cultivation of coconut, sapota, guava and other crops. For more details, call Ph: 0821-2430450 (Mysuru), Mob: 99002-83293 (Varuna), 97421-59724 (Jayapura), 95356-58502 (Yelwal) and 95919-17408 (Kasaba).

Kautilya Vidyalaya students to take up Chamundi Hill cleaning tomorrow

Mysuru, July 12- As part of *Swachata Abhiyan,* Scouts and Guides students of Kautilya Vidyalaya will take up cleaning work atop Chamundi Hill tomorrow (July 13).

The cleaning work is taken up with an objective of sensitising the children on environmental protection and civic sense. The theme of the initiative is 'A healthy society from a hygienic society'.

The cleaning work will begin from the Chamundi Hill footsteps at 8am, during which the students will hold an interaction with the hill residents, vendors, priests and staff of the temple and the chief of the temple management.

The students will also collect data on management and disposal of wastes atop the hill. The students will also gather information on the level of success of plastic ban, whether the Dasoha Bhavan is free from plastics, to what extend the devotees visiting the hill temple are discarding plastic usage and other such issues.

Under the theme 'A healthy society from a hygienic society, the Kautilya students belonging to Scouts & Guides, cubs and Bulbul groups, recently conducted a survey in one part of the city and gathered information on hygiene and cleanliness. Now the students in their second mission, will collect data pertaining to Chamundi Hill and submit a report in this regard to the Deputy Commissioner.

Obituary

B. Gopal

Mysuru, July 12- B. Gopal (76), an advocate, former Director of Mysore Co-operative Bank Ltd., at Gandhi Square and a resident of Gokulam, passed away here this morning at his residence.

He leaves behind his wife Dhanalakahmi, son Aravind, daughter Anupama and a host of relatives and friends. Last rites were held this evening at Chirashanthidhama in Gokulam.

P. Nandish

Chamarajanagar: P. Nandish (70), a retired teacher and a resident of Gumatapura village in the taluk, passed away yesterday following heart attack.

He had served as a teacher at Devalapura and at JSS School in Suttur. He leaves behind one son, one daughter and a host of relatives and friends.

Last rites were performed at Gumatapura this afternoon.

'CM Kumaraswamy has blessings of Goddess Chamundeshwari'

Big Brother H.D. Revanna offers prayer at Hill temple

Revanna

Kumaraswamy

Yaduveer Krishnadatta Chamaraja Wadiyar and Trishikha Kumari Wadiyar offering prayers at the Hill temple.

Mysuru, July 12 (MTY&DM)- Even as the JD(S)-Congress Coalition Government is tottering following the resignation of 18 MLAs, PWD Minister H.D. Revanna found time to visit Chamundeshwari temple atop the Hill this morning on the second *Ashada Friday* and offer special prayers to the deity.

Revanna, who arrived at 7 am, was inside the temple for about 20 minutes and performed *Sankalpa Puja,* praying for the survival of the Coalition Government headed by his younger brother H.D. Kumaraswamy.

Later, speaking to press-persons, Revanna said that Chief Minister H.D. Kumaraswamy has the blessings of Goddess Chamundeshwari and he will continue as the Chief Minister.

Pointing out that he has offered prayers to the deity in the name of his brother, Revanna reiterated that Chief Minister has the blessings of the almighty and the Coalition Government will continue with stability.

Replying to a question on Tourism Minister S.R. Mahesh's reported meeting with BJP leaders at a Guest House in Bengaluru last night, Revanna said he was not aware of the meeting and as such he cannot comment on it.

Asserting that there is no question of JD(S) joining hands with the BJP to form Government, the PWD Minister maintained that the Coalition Government is stable and will complete its term.

Less number of devotees

The number of devotees on second *Ashada Friday* today was less as compared to the first *Ashada Friday* on July 5.

However, there was a rush of devotees at the footsteps, where they were seen making a beeline to climb the steps right from the early hours of today.

The puja began as early as 3 am with performance of *Mahanyasa Abhishekha, Pushparchane* and other rituals.

Scion of the erstwhile Royal family Yaduveer Krishnadatta Chamaraja Wadiyar, accompanied by his wife Trishikha Kumari Wadiyar visited the temple.

Dr. Sooraj Revanna, elder son of Minister Revanna, too arrived at the Hill temple a couple of hours after his father had left and performed special puja to the deity. He was accompanied by a few local JD(S) leaders.

The KSRTC will operate free bus service from Lalitha Mahal Helipad, where the devotees are required to board the buses to go the Hill temple, till 8 pm tonight.

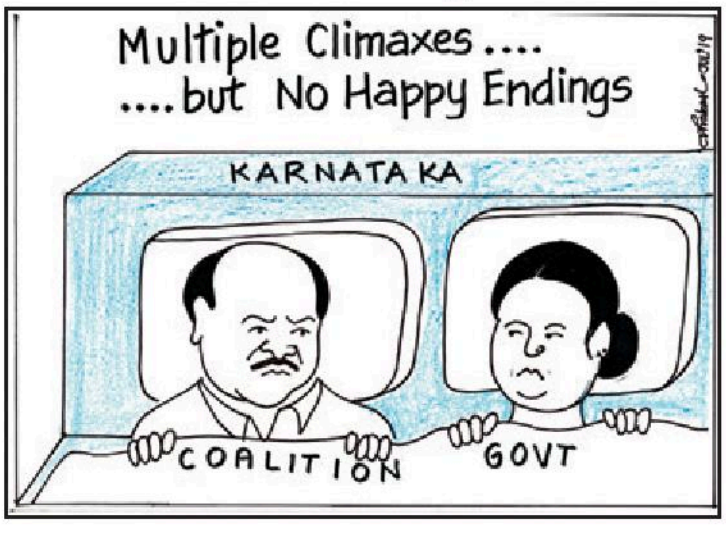
However, the regular KSRTC city bus service operating from the city bus stand will continue till 10 pm for the benefit of Chamundi Hill residents, according to KSRTC sources.

Durga Agency from Coimbatore distributed *Prasada* to the devotees. The agency, which has also taken up the responsibility of decorating the temple on second *Ashada Friday*, has been doing so for the past 10 years.

The Police have provided tight security all around the temple.

The next *Ashada Fridays* are on July 19 and 26.

TEASER By N. Prakash



Amid political mess, CM to seek Trust Vote

Bengaluru, July 12 (KMS&BCT)- There seems to be no end to the political crisis in Karnataka anytime soon. Yesterday the State was a witness to an action-packed events where the rebel MLAs in the crisis-hit ruling JD(S)-Congress coalition flew to Bengaluru to meet Assembly Speaker K.R. Ramesh Kumar and handover the resignations in a prescribed format.

Later, the Speaker moved Supreme Court asking for more time to decide on these MLAs' resignation and Chief Minister H.D. Kumaraswamy put up a brave face claiming his government still has the numbers and he does not need to resign.

Today looks no different. The rebel MLAs, who met the Speaker at Vidhana Soudha, returned to the posh hotel in Mumbai. In Delhi, the **Supreme Court took up the pleas and directed the Speaker to maintain status quo on resignation and disqualification of 10 rebel MLAs till July 16 (Tuesday).**

The Assembly session began this morning and as soon as the Speaker took up obituary references, Kumaraswamy urged the Speaker to allow him to seek a trust vote. "After all these developments, I am seeking your permission and time to prove the majority in this session," the CM said.

Kumaraswamy's move took the BJP by surprise and State BJP President **B.S. Yeddyurappa staged a walkout and headed towards his chamber along with a few MLAs to chalk out the next strategy** following Kumaraswamy's request.

With this, the political crisis is set to drag on for a few more days. As of now, 16 MLAs (13 Congress, 3 JD-S and 2 independents) have resigned bringing down the Assembly strength from 224 to 208.

The Congress-JD(S) strength has come down to 101 (including one from BSP), while BJP has 105 and support of two Independent MLAs.

Sewage turns to Froth

(Continued from page 1)

Officials discovered that the water is black in colour and primarily it contains sewage, heavy metal content and frothy wash water. The University team was headed by Registrar Prof. Lingaraja Gandhi, Incharge Executive Engineer Shivalingegowda, Assistant Engineers Shivalinga and Sathyanarayana, in-charge Lake Supervisor Subbanna and Mysuru Horticulture Department Assistant Director Mujaffar.

According to them, the sewage water is flowing as the pipe near the magic box is broken. "We have already alerted the Mysuru City Corporation to repair the pipe to prevent further inflow of water into the Lake. The University is committed to the welfare of the Lake," Prof. Lingaraja Gandhi said.

There is a two-foot wide drinking water pipeline at the Valmiki Junction and when the gate valve is locked after water supply, over 8 to 9 thousand litres of fresh water is wasted in the reverse gravitational force. This water then reaches the magic box to mix with the sewage that flows into the Lake.

"If a pipe is laid from the waterline to Kukkarahalli Lake, the wasted drinking water can directly flow into the Lake and this will infuse life into the Lake," the Registrar said. There will be not much cost for this project as a 700 metre pipeline has to be laid to carry fresh water into the Lake, he added.

"Already, the Karnataka State Pollution Control Board (KSPCB) officials have collected samples and sent it for tests. The report is expected in 10 days. We will cooperate with the MCC to take steps to prevent sewage flow into the Lake," Prof. Gandhi said.

Fishing permission

Sources from the University told *Star of Mysore* that the University authorities have renewed the tender for fishing activity inside the Lake. The earlier contract ended on June 30 and now the contract has been renewed, sources said.

The Karnataka Fisheries Federation releases fishlings to the Lake and the Federation gets the contract of fishing in the Lake for five years and annually, the University of Mysore gets an income of Rs. 6 to Rs. 8 lakh.

However, the renewal of contract has not gone down well with environmentalists who said that the fishing contract has been renewed at during fish breeding. "There is a 90-day ban on fishing in the seas as this is the breeding season for fish. Unfortunately, the University has renewed the fishing contract now. Also, migratory birds come to Kukkarahalli Lake beginning next month," said a green activist.

If fishing activity starts, we are breaking the food chain of birds as there will be no fish for the birds to feed on. The University authorities can at least postpone fishing activity till the breeding season is completed," he added.

MCC pulls up its socks ahead of Vice-President's visit; cleans roads

A road hump on the SJCE Road was removed this morning and was re-asphalted for the smooth movement of Vice-President's convoy that will pass on this stretch tomorrow.

Mysuru, July 12 (RK&DM)- With Vice-President M. Venkaiah Naidu scheduled to arrive in city this evening on an official visit, the MCC has taken up a cleaning works on the road leading from Mysore Airport at Mandakalli to the Government Guest House in Nazarbad, where the Vice-President will stay tonight.

The MCC workers were seen cleaning, removing humps and filling potholes on all roads forming part of the Vice-President's travel schedules in city this evening and tomorrow. Also, streetlights along the routes are being repaired and trees are being pruned, in keeping with the protocol.

The Vice-President, after an overnight stay in city will take part in the CIIL and RIE events tomorrow morning. With Venkaiah Naidu visiting the city for the first time after becoming the Vice-President, the MCC is taking up cleaning works as per the VVIP protocol, according to sources in the civic body.

Meanwhile, the City Police have made elaborate security arrangements in city for the Vice-President's visit.

A large number of Police personnel has been deployed along the entire route of the Vice-President's travel from Mandakalli to Government Guest House in Nazarbad.

The Police also conducted a security rehearsal this morning, according to sources.

[VVIP's itinerary: See page 10]

Sanskrit and Samskara, India's contribution to the World

Mysuru, July 12 (MK&SD)- 'Because of Sanskrit and Samskara, India has earned dignity and respect in the world,' said Karnataka Sanskrit University In-charge Vice-Chancellor Prof. V. Girish.

He was speaking after inaugurating 'Yoga Jeevana Darshana-2019,' a training camp organised for State, National and International-level yoga teachers by Sri Patanjali Yoga Shikshana Samiti (SPYSS) in association with Patanjali Yoga Foundation at Bandantamma Kalamma Samudaya Bhavan at Kuvempunagar in city.

'India has rich heritage of Yoga, Ayurveda and Sanskrit which we should learn and adopt in our lives for better physical and mental health,' he said.

"Yoga can be practiced at home and all it needs is a good teacher. Yoga can be performed throughout the year free of cost while other exercises in gyms require expensive equipments with exorbitant monthly fees and one has to accept its side effects. Even if one decides to go for a morning walk, weather might play spoilsport, particularly in rainy season, so practicing Yoga is a better option," he added.

Prof. V. Girish inaugurating 'Yoga Jivana Darshana-2019,' a training camp organised for state, national and international level yoga teachers in Bandantamma Kalamma Samudaya Bhavana in Kuvempunagar in city.

Yoga camps were held simultaneously in Jayamma Govindegowda Kalyana Mantap, Samrat Kalyana Mantap and Patanjali Yoga Mandir in city where hundreds of yoga enthusiasts participated.

President of Aramane Japadakatte Mutt Dr. Sri Mummadi Chandrashekhara Shivacharya Swamiji, Puttaswamaiah of SPYSS, Ravishankar, N.S. Mahesh and others were present.

Bala Kalyana and Bala Shakti Award

Mysuru, July 12- District Women and Child Welfare Department has invited applications from dedicated individuals and institutions working towards holistic growth and development of children to confer 'Bala Kalyana Award' and from children with exceptional achievements in various fields to confer 'Bala Shakti Award' for the year 2019. For more details, visit www.nca-wcd.nic.in and apply online before Aug.31 according to a press release.

Yoga Convocation

Mysuru, July 12- Mysuru Vivekananda Yoga Education and Research Centre in association with World Yoga Alliance has organised 'Yoga Convocation' on Sunday, July 14 at 10 am in Town Hall near Mysuru Palace in city.

Sucharita Mathaji will grace the occasion. Minister of Higher Education G.T. Devegowda will present yoga certificates.

KR MLA S.A. Ramdas will inaugurate. Former MLC Siddaraju will preside. Mayor Pushpalatha Jagannath and Karnataka State Amateur Yoga Association State President Gangadharappa will be present.

A new 1000-seat Dr. S. Radhakrishnan Auditorium at RIE; Five-day Golden Jubilee at CIIL

Venkaiah Naidu to lay foundation stone and inaugurate the celebrations tomorrow

Mysuru, July 12- M. Venkaiah Naidu, the Vice-President of India, will be laying the foundation stone for 'Dr. S. Radhakrishnan Auditorium' at Regional Institute of Education (RIE), NCERT, Manasagangothri, Mysuru, at 9 am tomorrow (July 13).

Dr. Radhakrishnan

Venkaiah Naidu *Vajubhai R. Vala*

The Regional Institute of Education (erstwhile Regional College of Education) was established in 1963 with the primary objective of qualitative improvement of school education through innovative pre-service and in-service teacher training programmes and to undertake research, development and extension activities to the Southern Region.

RIE, Mysuru, has established itself as an institute of repute in the area of school and teacher education. The Institute runs courses from Pre-primary to Ph.D levels. RIE has endeavoured to shoulder the responsibilities and challenges generated by changes in the educational scenario of the region consisting of the States of Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, Telangana, Puducherry and Lakshadweep.

RIE, Mysuru, sprawling over 120 acres of greenery in Manasagangothri, is equipped with infrastructural facilities suitable for teacher education programmes. The campus has added many modern state-of-the-art facilities over the years.

The campus is now going to have a new 1000 seater Auditorium with latest technologies in memory of **Dr. S. Radhakrishnan,** former President of India, a noted educationist, whose birthday is celebrated as Teachers' Day Sept. 5 every year.

Dr. Radhakrishnan had visited RIE, Mysuru, on 7th December 1965 and planted a sapling which has grown with the Institute for the last 54 years. To commemorate the visionary teacher of teachers, Dr. S. Radhakrishnan's visit and his contribution to the field of education, RIE chooses to name the new Auditorium after him.

The foundation stone for 'Dr. S. Radhakrishnan Auditorium' will be laid by the chief guest Venkaiah Naidu in the Technology Block of the Institute.

The Vice-President will also address the gathering on *"Reflections on School and Teacher Education in India."*

Vajubhai Rudabhai Vala, the Governor of Karnataka, will be the guest of honour. Prof. H.K. Senapaty, Director, NCERT, New Delhi and Prof. Y. Sreekanth, Prinapal, RIE, Mysuru, will be present on the occasion.

History of Central Institute of Indian Languages

Mysuru, July 12- Vice-President M. Venkaiah Naidu, who will be arriving in city this evening, will also inaugurate the five-day Golden Jubilee celebrations of Central Institute of Indian Languages (CIIL) on July 13 at 10.15 am at its premises in Manasagangothri on Hunsur Road. Governor Vajubhai R. Vala will be the guest of honour.

The celebrations will be held from July 13 to 17. A variety of events such as an exhibition, academic sessions and cultural programmes will be part of the five-day event.

History of CIIL

The Central Institute of Indian Languages (CIIL - Bharatiya Bhasha Sansthan) was established on July 17, 1969 with its headquarters at Mysore and seven Regional Centres located at various strategic points of India under its wing.

The main aim of CIIL is to implement language policy and carry out programmes to fulfil the responsibilities of the Central and State Governments for the development of Indian languages. Its functions include, to help in evolving and implementing the language policy of the Government of India and to assist and advise the State Governments on matters of language.

The other function is to coordinate the development of Indian languages by creating content and corpus, conducting inter-disciplinary research in the areas of language analysis, language pedagogy, language technology and language use in society which in turn contributes immensely to the development of Indian languages (both Major and Minor / Minority/ Tribal languages) with a National and International reputation as a centre for language studies.

The CIIL had developed academic strategies to have a place for minority languages in primary education, to teach a third language at the secondary level and to use majority languages in public administration. Indian languages got materials and trained man power to implement those strategies. Every year, the CIIL conducts several programmes by its own and in collaboration with Universities, educational institutions, Governmental institutions, voluntary organisations, etc. on Indian languages, covering the categories of North-Eastern Region, Tribal Sub-Plan, Scheduled castes and so on. These include conferences, seminars and workshops.

The CIIL has commissioned projects like Andaman & Nicobar Project, Composite Correspondence Course in Kannada (CCCK) Project, CIIL- Neo-literate Children Literature Material Bank, Katha Bharathi, Bhasha Mandakini to name a few. The schemes include National Testing Service (NTS), Centre of Excellence for Studies in Classical Kannada (CESCK), Scheme for Protection and Preservation of Endangered Languages (SPPEL) to name a few.

Classical Languages Centres: Centre for Excellence in the Study of Classical Kannada, Telugu, Odia and Malayalam have been set up to work on various schemes and activities such as research, documentation, propagation and teaching of the concerned languages and coordinates such works undertaken by individuals, institutions in the States/Union Territories of India and abroad and provides linkages to studies in other classical languages of the world.

Maharaja High School and PU College Alumni Association to celebrate

Mummadi Krishnaraja Wadiyar's birth anniversary on July 14

Mysuru, July 12- During 1833, Maharaja High School was started as ***Raja's Free School*** by the Maharaja Mummadi Krishnaraja Wadiyar.

Born on July 14, 1794, Mummadi was a great patron of Art and Literature. Maharaja High School and PU College Alumni Association will be celebrating his birthday on July 14 (Sunday) as "Jayanti and Founder's Day" along with the staff and students of the Institution. The old students get-together will also be on the same day.

MLA L. Nagendra will inaugurate the celebrations by garlanding the bust of Mummadi in front of the Institution at 10.30 am. This follows a stage programme at its Nalwadi Krishnaraj Wadiyar Auditorium. Old student and dramatist M.S. Sathyu will be the chief guest. B. S. Sridhara Raj Urs, President of Alumni Asssociation, will preside.

Meritorious students of Maharaja High School will be felicitated with cash prizes. Satyu will also be felicitated.

Senior alumni Dr. C.D. Sreenivasa Murthy, Dr. Chandrashekar of Aditya Hospital, S.V. Gowdappa, President of Elder Citizens Council Trust, M.N. Baldeva Raj Urs, Retired Joint Commissioner of Transport Department and many more old students will be present on the occasion.

Siddaraju, College Principal and Mahesh, Vice-Principal will be the guests of honour, according to a press release.

ICC World Cup 2019

England beat Australia to reach Final

Edgbaston, July 12- A brilliant effort by England opener Jason Roy (85) and an inspiring spell of fast bowling by Chris Woakes (three for 20), enabled the hosts to post a crucial win against defending champion Australia by eight wickets in the semi-final of ICC World Cup-2019 at Edgbaston yesterday and ensured them of a place in the final on Sunday.

Australia start badly

Winning the toss and electing to bat, Australia lost both their prolific run-getters and openers David Warner (9) and skipper Aaron Finch (0) early to Chris Woakes and Jofra Archer respectively (two for 10 in 2.4 overs). England stuck telling blows and reduced Australia to (three for 14 in 6.1 overs) with Handscomb (4) departing clean bowled by Chris Woakes.

Australia were in a difficult situation and Steve Smith (85,119b,6x4) stood tall along with Alex Carey 46 (70b, 4x4) and added a vital 103-runs for the fourth wicket and revived the hopes of an Australian fightback. Leg-spinner Adil Rashid had other plans and struck two

Jason Roy hoists Steve Smith for a huge six, his third consecutive one off the Australian, as England coasted to victory.

telling blows and removed the dangerous Carey and Stoinis (0) and Australia were in the dumps at five for 118 in 27.6 overs.

Aussie middle-order fails

Glenn Maxwell (22, 23b, 2x4, 1x6) and Smith tried to push the score along, but Maxwell was dismissed by Archer by spooning a catch to skipper Morgan at cover (six for 157 in 34.5 overs). The lower order with the exception of Mitchell Starc (29,30b,1x-4,1x6) fell to the guiles of bowlers and were out for 223 in 49 overs. It was an overall disciplined bowling performance by England and the Australian batsmen disappointed with a mediocre total. Woakes (three for 20) was impressive with the new ball and was well supported by Archer (two for 32) and leg-spinner Adil Rashid (three for 54).

England openers Jason Roy, Bairstow excel

Needing 224-runs to win, England were well served by their openers Jason Roy (85,65b,9x4,5x6) and Jonny Bairstow (34,43b,5x4) who put them on track by adding 124-runs for the opening wicket. Joe Root (49 n.o, 46b,8x4) and skipper Eoin Morgan (45 n.o, 30b, 8x4) batted with ease after the fall of both the openers and saw England through with an unfinished third-wicket partnership of 79-runs.

Starc (one for 70) was below par and bowled well within himself this game, while Pat Cummins (one for 34) was less productive. Australia scored 226 for two in 32.1 overs and won by a convincing eight wickets.

ICC CRICKET WORLD CUP ENGLAND & WALES 2019

FINAL ON SUNDAY

New Zealand Vs England
Lords, England, **3 pm** (IST)

Catch the live action on

Budding cricketer from city

to be trained at MRF Pace Foundation

Mysuru, July 12- **M. Venkatesh,** a second year B.Com student at SBRR Mahajana First Grade College, Jayalakshmipuram, Mysuru, is a talented, upcoming cricketer. A fast paced left-hand bowler, he is currently training at MRF Pace Foundation at Chennai, a coaching centre training fast bowlers.

Hailing from family of classical singers, Venkatesh, born to couple Muralidhar and K.R. Dakshayani, is himself a trained classical singer too.

However, cricket turned out to be his call and Venkatesh fondly recollects growing up seeing his father play Club Cricket. Insprired by his father, he took up cricket.

While playing U-19 State and National-level, he caught the attention of the selectors of MRF Pace Foundation. He is currently nurtured and groomed at the Foundation by the Australian Cricketer Glenn McGrath and Myluahanan Senthilnathan.

Speaking about his experience at the Foundation, the talented cricketer says it is a strict regimentation of training of seven hours per day. A fitness regime of three hours per day followed by three hours of bowling experience is his daily routine. Venkatesh is one of the four players from Karnataka to train at the Foundation along with 25 other players. He fondly recollects the moral support from his grandmother late Vidu. G. Saroja. Inspired by the captaincy traits of the great all-rounder Saurav Ganguly, Venkatesh desires to don the India colours soon and be one of the men in blue colours.

Despite his training, Venkatesh is able to pursue the degree course. He is thankful to the management, College Principal Dr. S. Venkatramu and PE Director Dr. H.N. Bhaskar. Venkatesh was felicitated at the Weekly Assembly of the College recently.

Dr. Capt. K.Thimmappiah Memorial Tournament

KSCA President's XI

gains first innings lead

Mysuru, July 12- Inspiring batting performances by K.L.Shrijith 53 (81b,10x4), Nihal Ullal (40, 71b, 7x4) and Aditya Somanna (31, 45b,4x4) enabled KSCA President's XI to gain the vital first innings lead against Madhya Pradesh CA on the second-day of the four-day Group 'D' match in the Dr. Capt. K. Thimmappiah Memorial Cricket Tournament-2019 played at JSS-SJCE grounds here on Thursday.

KSCA President's XI resuming at their overnight score of eight for one in 6.3 overs, scored 233 in 65.3 overs and gained a vital 31-run first innings lead. K.L.Shrijith (53) and Nihal Ullal (40) added 87-runs for the fifth wicket. Aditya Somanna (31), Bhavesh Gulecha (25) and K.C. Cariappa (24) were the other contributors. Gaurav Yadav was the pick of the MP bowlers and took three for 48.

In their second innings, Madhya Pradesh CA scored 120 for two in 32 overs at close of play on the second day. Aryaman Birla (40) and Rajath Pattidar (62) were the contributors. Naman Oja remained not out with 16.

Bharat, Ricky Bhui excel

Excellent centuries by by middle-order batsman K.S. Bharat (173, 197b,19x4, 5 x6) and Ricky Bhui (100, 130b, 13x4) enabled Andhra Pradesh CA to post a big total of 536 for nine in 141 overs in their Group 'D' league game against Jharkhand CA at PET (Mandya) on Thursday. In reply, Jharkhand CA scored six for no loss in .5 overs at close of play.

SCORES: At JSS-SJCE, Mysuru: Madhya Pradesh CA 202 & 120 for two in 32 overs (Rajat Patidar 62, Aryaman Birla 40) Vs KSCA President's XI 233 in 65.3 overs (K.L.Shrijith 53, Nihal Ullal 40, Aditya Somanna 31, Bhavesh Gulecha 24, Gaurav Yadav three for 48, Kuldeep Sen two for 39, Shubham Sharma two for 12).

At PET (Mandya): Andhra Pradesh CA 536 for nine in 141 overs (K.S. Bharat 173, Ricky Bhui 100, C.R. Ganeshwar 65, Jyothi Sai Krishna 72, Karan Shinde 62, P.Girinath Reddy 23, G. Manish 23, Ankul Roy six for 194, Supriyo Chakroborty two for 80) Vs Jharkhand SCA 6 for no loss in .5 overs.

'Ancient Indian History should be studied Chronologically'

Mysuru, July 12 (RKB&US)- Oriental Research Institute (ORI) and Department of History of Mahajana First Grade College had organised a lecture and interaction on 'Historical and Political Analysis in Kautilyana Arthashastra' at the college premises in Jayalakshmipuram here recently.

Inaugurating the programme, former Vice-Chancellor of Sanskrit University Dr. Mallepuram G. Venkatesh opined that to understand the grandeur of ancient India, one should first have an idea of the then style of agriculture, living pattern, formation of cities and concept of warfare.

He contended that history can be viewed through various angles and added that Indian History should be studied chronologically.

He opined that to understand ancient Indian History one should read Kautilya's *Arthashastra,* Bharatha's *Natyashastra* and Vatsayana's *Kamasutra* which together throw light on all aspects of life.

Sanskrit Scholar Dr. R.N. Nagaraj delivered a lecture on *Kautilyana Arthashastra.*

Oriental Research Institute Director Dr. S. Shivarajapa delivered the keynote address. Dr. T. Vijayalakshmi Muralidhar presided. College Principal Dr. S. Venkatarama, HoD of History Dr. H. Sridhar and others were present.

Hard work and dedication crucial for success in competitive exams: SP

Mysuru, July 12 (MK&DM)- Maintaining that hard work, coupled with dedication and determination was crucial for success in civil services and other competitive exams, SP C.B. Ryshyath has said constant studies too matter the most.

He was speaking as the chief guest on the second day of the 10-day workshop in competitive exams organised by Jnanabuthi at Lakshmipuram Government High School and PU College premises here yesterday.

Pointing that the determination to achieve set goals among the aspirants is vital, Ryshyanth said that the first priority should be to acquire knowledge from all accessible sources.

Noting that a thorough understanding of a subject is key, he highlighted the importance of time and organised studies in preparing for competitive exams.

Underlining the need for going through previous question papers, he said that the aspirants must get themselves updated on current affairs and general knowledge.

Resource person Dr. N.N. Prahalad, co-ordinator Dr. S.B.M. Prasanna, H. Balakrishna, R. Ramakrishna, Jnanbuthi's Jainahalli Sathyanarayana Gowda and others were present.

Zilla Panchayat, Taluk Panchayat funds raised

Krishna Byregowda

Bengaluru, July 12- Even as the JD(S)-Congress Coalition Government is in a crisis following the resignation of 16 MLAs from the ruling Coalition and two independent MLAs, who were Ministers, the State Cabinet, which met here yesterday decided to raise development grants to the Zilla Panchayats (ZPs) and Taluk Panchayats (TPs).

Speaking to press persons after the Cabinet meeting here on Thursday, Rural Development and Panchayat Raj (RDPR) Minister Krishna Byregowda said the Cabinet has decided to increase United Development Grants to ZPs to a maximum of Rs. 8 crore from this year, while TPs (will get a maximum of Rs. 3 crore, from next year.

Pointing out that the Cabinet also approved a special incentive package of Rs. 25.5 core to encourage potato growing in the State, the RDPR Minister said that to encourage potato growing, each farmer will be given Rs.7,500 per hectare upto 2 hectares, that will cover the cost of plant protection, harvest and other things, Similarly, the Cabinet cleared giving minor millet farmers an incentive of Rs. 10,000 per hectare upto two hectares, a package that will cost the Government Rs.10 crore, he added.

The others decision taken included rejuvenation of Kalyanis in Melukote, Pandavapura taluk at a cost of Rs.37 crore, approval for building a new guest house for Karnataka pilgrims at Tirupati at a cost of Rs. 26 crore, filling up lakes in Mandya through the Lokapavani River at a cost of Rs. 30 crore and approval for Upper Krishna Project (UKP) phase I costing Rs. 375 crore and modernisation of the right bank canal at an estimated cost of Rs. 750 crore among others.

In another major decision, the Cabinet authorised the Chief Minister to constitute a commission to study the demand for increasing quota for STs from the present 3 % jobs and education to 7.5%. The decision was taken following a long pending demand by Valmiki, Nayaka and other ST community leaders in the State.

No decision on JSW land issue: Meanwhile, a Cabinet sub-committee headed by Home Minister M.B. Patil did not clear the sale of 3,667 acres of land to JSW steel in Ballari.

Krishna Byre Gowda said that the Cabinet Panel discussed the matter in detail, but did not take any decision on the sale of land to Jindal Steel Works (JSW) Industry.

Government instability leads to cancellation of two MUDA meetings

Mysuru, July 12 (RK&DM)- The political crisis that has hit the State following the resignation of 16 MLAs from the ruling JD(S)-Congress Coalition and two independent MLAs, has had its impact on Mysuru too, with two important MUDA Council meetings getting cancelled.

The first meeting scheduled for July 4 was cancelled as the District Minister G.T. Devegowda took part in the day-long *Janaspandana* programme, the first of its kind in the city, at J.K. Grounds. The meeting was subsequently postponed to July 6, as July 5 was First Ashada Friday. But this meeting too did not take place reportedly due to the Minister's other engagements and workload at MUDA, following which the meeting was rescheduled to July 11.

But as the political crisis broke out with the resignation of over 10 MLAs on July 6, yesterday's (July 11) meeting too did not happen, as legislators from all the three political parties, who are also MUDA members are camping in Bengaluru due to the political crisis.

The last MUDA meeting was held in May last week, during which issues such as allocation of 86 CA (Civic Amenities) sites, Group Housing Schemes, formation of 6 new layouts including Lalitadri Nagar and Nalwadi Krishnaraja Wadiyar Nagar, were discussed.

These issues were to be discussed further in the subsequent MUDA Council meetings for approval and finalisation. But the prevalent political crisis that has hit the State since the past one week, has resulted in MUDA meetings not taking place at least for some more days.

Littérateurs, theatre-lovers pay tribute to Muddu Krishna couple

Littérateurs and theatre-lovers paying floral tribute to theatre artiste K. Muddu Krishna and his wife Dr. D. Indrani at Bhoomigeetha in Rangayana premises in city yesterday.

Mysuru, July 12 (YDS&NNN)- Theatre artiste K. Muddu Krishna was a rare collector among collector of coins, said veteran theatre Director Prof. H.S. Umesh.

He was speaking at the condolence meeting of Muddu Krishna and his wife Dr. D. Indrani (who both passed away in a tragic road accident in Lucknow recently) organised at Bhoomigeetha in Rangayana premises here yesterday.

He said that Muddu Krishna bought old coins from all the money he earned and used to learn about its history.

Muddu Krishna had involved himself in theatre activity and introduced many artistes to the stage. Even though he did not understand the nuances of music he loved it.

"He never wished ill of anyone. I had seen his difficult times," recalled Prof. Umesh.

Littérateur Dr. C.P. Krishnakumar (CPK) said that with the passing away of Muddu Krishna couple together, a vacuum had been created in city.

"Even though I did not have close contact with him, he always used to talk to me whenever I came to Rangayana" he said.

However, once he put me in a piquant situation when he wanted to write about something very sensitive. But when I told him not to write, he refrained. That means he always wanted to talk about truth but was not adamant to have his own way all the time, he had that sense of proportion, added CPK.

Rangayana Director Bhagirathi Bai Kadam said, right from the time Rangayana was started till now, Muddu Krishna has been involved directly or indirectly in its growth.

It is sad that we have lost the Muddu Krishna couple together. God should give strength to their sons, family members and near and dear ones to bear this irreparable loss.

Rangayana former Director H. Janardhan (Janni) said that Muddu Krishna had a very responsible outlook. We all cared for the happenings in the society and had common views and he played the role of the elderly in such a family of ours. He thought deeply regarding the divisive nature of politics in the present society and social exclusion, he added.

Muddu Krishna couple's sons Alok and Ananya, Social Activist P. Mallesh, thinker Prof. Kalegowda Nagawara, Department of Kannada and Culture Assistant Director H. Chennappa, littérateur Bannur K. Raju, Dhanjanaya Yeliyuru, K.R. Gopalkrishna, Nanda Halemane, Mime Ramesh and others participated in the condolence meeting..

Applications invited for Vajpayee Nagar Housing Scheme

Mysuru, July 12- T. Narasipur Municipal Council with Rajiv Gandhi Housing Corporation is implementing Vajpayee Nagar Housing Scheme and has invited applications from eligible beneficiaries so as to construct a total of 20 houses (16 for general category and 4 for minority community) with a grant of Rs. 2,70,000.

Last date to apply is July 20. Preference would be given to widow/widowers, senior citizens and physically disabled persons whose annual income is within Rs. 87,000.

For more details, individuals may contact housing section of Municipal Council, according to a press release.

WORD OF THE DAY

Gerrymander

Pronunciation: JERR-ee-mand-ə-r
Meaning: Manipulate the boundaries of (an electoral constituency) so as to favour one party or class.
Origin: The term is named after **Elbridge Gerry,** who, as Governor of Massachusetts in 1812, signed a bill that created a partisan district in the Boston area that was compared to the shape of a mythological salamander. In addition to its use achieving desired electoral results for a particular party, gerrymandering may be used to help or hinder a particular demographic, such as a political, ethnic, racial, linguistic, religious, or class group, such as in Northern Ireland where boundaries were constructed to guarantee Protestant Unionist majorities. The U.S. federal voting district boundaries that produce a majority of constituents representative of African-American or other racial minorities, known as "majority-minority districts". Gerrymandering can also be used to protect incumbents. Wayne Dawkings describes it as politicians picking their voters instead of voters picking their politicians.
Example: The Supreme Court's decision on June 27 against opponents of partisan state voting maps was summed up by Chief Justice John Roberts' opinion: "We conclude that partisan gerrymandering claims present political questions beyond the reach of the federal courts."

THE ODD WORD

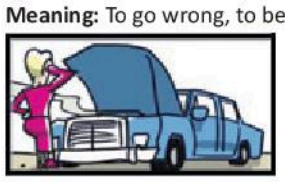
Gabelle

A tax on salt.

PHRASE OF THE DAY

Go haywire

Meaning: To go wrong, to become overly excited or deranged.



Origin: Hay-wire is the light wire that was used in baling machines to tie up bales of hay. At the turn of the 20th century the expression 'a haywire outfit' began to be used in the USA. This was used to describe companies that patched-up faulty machinery using such wire, rather than making proper long-term fixes. In 1905, The US Forestry Bureau Bulletin described a 'Hay wire outfit' as 'a contemptuous term for loggers with poor logging equipment'. By 1920, the use of haywire to mean 'awry' or 'out of control' was recorded in Dialect Notes, Volume 82: "Hay wire. Gone wrong or no good. Slang." This may be a reference back to 'hay-wire outfits' but is more likely to be a literal allusion to scrambled hay-wire - anyone who has handled coils of wire will be familiar with its determination to gather into an irretrievable tangle. To go haywire was recorded in late 1920s; in this piece about a basketball game from *The Helena Independent,* January 1928: "...their anxiety to score let their passing game go haywire with many wild heaves finding marks in the bleachers."
